DETAILED ACTION

Election/Restrictions

Newly submitted claims 31-38 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claim 31 discloses a receptacle disposed at the second end of the fluid flow passage.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 31-38 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 12-17 are allowable over the prior art of record.

Conclusion

This application is in condition for allowance except for the following formal matters:

The examiner of record respectfully requests applicant to cancel "withdrawn" claims 1-11 and 31-38 in order to prepared the application for allowance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
